Alternative Sustainable Energy

A diverse array of energy sources will power the festival. Performance stages will be 100% powered by soy-biodiesel, wind, and solar.

Down by the Riverside

Shoreline environmental programs. Swimming at the sandy beach. Nature walks at the river's edge or through a wild meadow. Fish, birdwatch, picnic or just laze by the river and watch the sun set.

Circle of Song

Join the chorus with music making for everyone. Sing, clap, stomp and shout. Bring an instrument, learn harmonies, old songs of freedom, and rounds.

Roving Vaudevillian Plays & Jugglers

Juggling instructors will be helping beginners and demonstrate the Zen of juggling. All around the festival you'll find clowns, circus artist, comedians, and fools entertaining.
